HISTORICAL NOTE: The Historical League, Inc. was formed in 1979 by a group of dedicated women who understood the need to preserve and promote the history of Phoenix and Central Arizona. The Historical League is a nonprofit 501 (c) (3) whose mission is to provide financial and volunteer support for the AZ Heritage Center, which is the Central Division of the Arizona Historical Society. League members, representing diverse communities and interests, contribute their time, creativity and fundraising talents in a wide range of educational and promotional activities that celebrate Arizona's people, places and events.

These initiatives include, but are not limited to, publishing award-winning cookbooks, planning educational trips and presentations, conducting oral histories, conducting museum tours, and serving on various local and state historical and cultural boards. The Historical League's reach extends far beyond museum walls. It is the largest supporter in Arizona of National History Day, a year-round program that engages middle and high school students and their teachers in historical research and analysis while developing skills in verbal, print, and media communications. The League also funds undergraduate and graduate internships in museum studies and library science.

The Historical League is nationally known for its Historymakers™ Recognition Program and Gala first held 1992 and now held biennially. Seventy-five individuals in addition to the Navajo Code Talkers have been honored to date. The League has published and distributed *Arizona*

Recollections and Reflections, a Centennial Legacy Project, to over 1300 school libraries. It is through this educational outreach that the League significantly contributes to the understanding of contemporary Arizona History.

SCOPE AND CONTENT NOTE: Materials document the evolution of this nonprofit support group from its inception in the 1970s through the present. The activities reflect a rapidly changing museum industry and the League's response to it. The League was an early adopter of technology through its website and social media. It has responded to swings in school curriculum, changing urban demographics, a new museum building, and changes in staffing, museum policies, educational outreach, and funding. This collection is divided into seven series and arranged in alphabetical order and chronologically within except where noted.

Series I: Administrative Minutes and Agendas include Executive and General Membership meetings, related correspondence, committee reports, and other meeting materials. Some gaps exist. Early records include memos, correspondence and a "scrapbook" documenting activity at the Ellis-Shackelford House, 1242 N. Central Avenue in Phoenix - the first location of the AHS Central Division and the Historical League. League President and Recording Secretary materials from three-ring notebooks have been retained in original order. Financial and Fundraising records document the League's core mission to provide funds and volunteers for the AZ Heritage Center. These activities span over thirty years of successful fundraising and educational programming uniquely dedicated to one museum.

Series II: Historymakers™ These records detail the selection, planning, promotion and staging of this nationally recognized event honoring Arizonans who "made history." The Gala Committee is charged with compiling and videotaping biographical profiles as well as displays of personal memorabilia for this formal, evening event. Additionally, they conduct oral histories, most of which can be found at <https://www.historicalleague.org/historymakers.aspx>. See Meet Our Historymakers for an alphabetical list of biographies and oral history transcripts.

Series III: Publications The League has published three cookbooks in addition to *Arizona Recollections and Reflections* which was an Arizona Centennial Legacy Project. Research and background materials for those publications have been retained. This series also includes samples of League brochures, invitations, flyers, and a complete run of directories and newsletters.

Series IV: Photographs These images document Gala events as well as other social, educational and fundraising activities. Note that not all portraits of Historymakers™ can be found in this collection.

Series V: Albums and Scrapbooks These represent a comprehensive visual record of Historical League and Gala events and are in excellent condition. The League Historian compiles and maintains a record of the achievements, activities, social events, fundraisers and progress of the League each year.

Series VI: Media Arranged in chronological order. The League has recorded each Gala Show compiling the biographical profiles of each honoree and reflects the changing media formats over time. These include Betacams, VHS, and DVDs. Samples of the VHS tapes and DVDs have been tested and are playable. All available Gala show scripts and notes created by the videographer have been retained.

Series VII: Oversize – Includes many, but not all, formal portraits of Historymakers™.
