

Introducing History Lab,
building Arizona history
one story at a time.

history lab

History Lab is a new type of museum exhibit that allows the community to tell their histories in a fun, steampunk style.

The exhibit features the following exhibits and community curators:

"Tucson's Early Brewers" by Betty Cook

"Tucson's Black History" by Zee and Bernard Wilson

"Agua Caliente Park" by the Agua Caliente Elementary School 4th grade class

"Mine Workers of Bisbee"; "The Tohono O'odham and Pima Indian Experience in 19th Century Arizona Territory"; "Freemasons, African American Women WAACs and Chicanos"; and "Apache Indian History in the Southwest" by the University of Arizona Department of History Capstone Research class

Also, create your own exhibit in our History Lab DIY activity!

The exhibit will be on display through the end of the year at the Arizona History Museum. For more information, visit <http://azhs.gov/tucson/>
