HISTORICAL NOTE

The Arizona State Genealogical Society began after a core of genealogical enthusiasts took an adult education class at the University of Arizona. Forty-three people who took the class started what was originally called the Southern Arizona Genealogical Society in May 1965 with Jefferson C. Davis as president, Barbara B. Salyer first vice president, June Meetz was second vice president, Mrs. Richard Perkuhn secretary and treasurer and Elizabeth Long librarian. The objectives of the society were to assist its members in genealogical research and provide a common gathering place for those interested in preserving historical data related to genealogy.

The Society was incorporated in 1970. The society's articles of incorporation were amended in 1973 to change the group's name to Arizona State Genealogical Society (ASGS).

ASGS sponsored workshops featuring nationally known figures in genealogical research. Society activities also included a strong publishing component. ASGS published a journal The Copper State Bulletin which ran from 1965 to 2003 and had a name change to the Copper State Journal starting with the Volume 32 Spring 1997 edition, and a newsletter Copper State Filings which ran from October 1970 to 2011. In addition, the society published a number of genealogical resources focused on Arizona including their 1976 Bicentennial project the Arizona Death Records Vol. I & II and their follow-up Arizona Death Records Vol. III published in 1982. To publish these volumes, volunteers from the society researched, collected data focusing on burials made before 1930 – a period in which burials were not legally required to be recorded with governmental agencies. Among other society publications are dozens of indexes and compilations of data from church, cemetery and government records.

SCOPE AND CONTENT NOTE

This collection contains ASGS monthly meeting minutes, board meeting minutes, financial documents and treasurer's reports and research files on Arizona cemeteries compiled during the making of the society's Bicentennial Arizona Death Records project.

ARRANGEMENT

This collection is arranged in five series: 1. Society meeting and activity records, 1965-2011; 2. Copper filings newsletter, 1965-2011; 3. Financial documents; 4. Cemetery research files; and 5. Scrapbooks. Arranged by type of material and then chronologically within series. Cemetery research files are dated by the year that they were indexed or recorded. Cemetery files include hand-drawn maps, handwritten notes, forms, 3 by 5 cards, descriptions of graves and grave locations and snapshot photographs of cemeteries and gravesites.
