

VALLEY NATIONAL BANK RESEARCH DEPARTMENT COLLECTION-MSS 25

Records: 1930s-1990s

Provenance: Donated to the Arizona Historical Society in 2012 by the Arizona Historical Foundation.

No. of Items: 6 Boxes, 5.5 cu. ft.

The Valley National Bank Research Department Collection includes miscellaneous printed material and reports compiled by governmental agencies, private companies, and contractors with regard to business, industry, and commerce in Arizona. Included are county files which contain historical sketches and other items reflecting business and development within the respective counties. The collection also contains topical files that address statewide activity regarding mining, manufacturing, housing, transportation, etc. The materials within this collection were frequently used in compiling the bank's annual publication, Arizona Statistical Review.

This collection also contains a box of international coins and currency from countries such as Austria, Indonesia, Fiji, New Zealand, and many others.

The Valley National Bank Research Department Collection was donated in February, 1991 by John C. Lucking, Economist for the Valley National Bank.
