HISTORICAL NOTE: The Arizona State Genealogical Society began when a core of genealogical enthusiasts took an adult education class at the University of Arizona. Forty-three people who took the class started what was originally called the Southern Arizona Genealogical Society in May 1965, with Jefferson C. Davis as president, Barbara B. Salyer as first vice president, June Meetz as second vice president, Mrs. Richard Perkuhn as secretary and treasurer and Elizabeth Long as librarian. The objectives of the society were to assist its members in genealogical research and provide a gathering place for those interested in preserving historical data related to genealogy. The Society was incorporated in 1970 and amended in 1973 to change the group's name to Arizona State Genealogical Society (ASGS).

ASGS sponsored workshops featuring nationally known figures in genealogical research. Society activities also included a strong publishing component. ASGS published *The Copper State Bulletin* (later the *Copper State Journal*) from 1965 to 2003. A newsletter, *Copper State Filings*, ran from October 1970 to 2011. The society also published a number of genealogical resources focused on Arizona, including their 1976 Bicentennial project on death records. Volunteers researched and collected data on burials made before 1930 – a period in which burials were not legally required to be recorded with governmental agencies. Among other society publications are dozens of indexes and compilations of data from church, cemetery and government records.

SCOPE AND CONTENT NOTE: This collection contains the organizational records of the Arizona State Genealogical Society and research files concerning the society's Bicentennial Project, a publication titled *Arizona Death Records Vol. 1-3*, detailing deaths, burials and cemeteries throughout the state of Arizona. Also included are documents relating to the society's shutdown on June 30, 2011. The collection contains monthly meeting minutes, board meeting minutes, financial documents and treasurer's reports, and research files on Arizona cemeteries.

This collection is arranged in **five** series:

Series I. Society meeting and activity records, 1965-2011

Series II. Copper filings newsletter, 1965-2011

Series III. Financial documents

Series IV. Cemetery research files

Series V. Administrative records

Series VI. Digital files (CDs and floppy disks)

Series VII. Scrapbooks.

Materials are arranged chronologically within series. Cemetery research files are dated by the year that they were indexed or recorded and include hand-drawn maps, handwritten notes, forms, 3x5" cards, descriptions of graves/grave locations and photographs of cemeteries and gravesites.

SUBJECT TERMS: Cemeteries -- Arizona; Genealogy -- Arizona
